

XDTP200HM

Detector de miscare PIR dual + microunde digital, cu antimasking si imunitate la animale

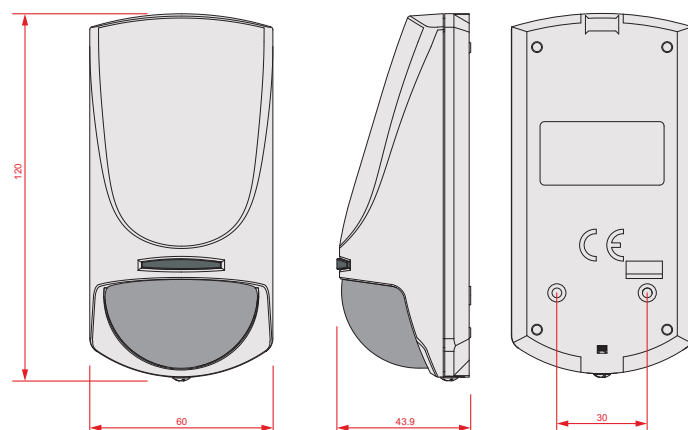

Detectoarele de miscare volumetrice din seria Xline sunt disponibile si in varianta cu imunitate la animale. Acesti detectori ignora miscarea cauzata de animale care cantaresc pana la 25 kg, ofera un unghi de detectare de 80 ° si sunt adapostite in aceleasi carcase de plastic ca si detectoarele standard Xline.

Specificatii tehnice

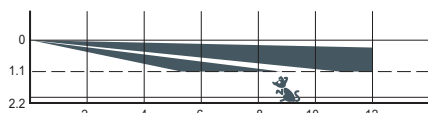

- Alimentare: 9-16Vcc
- Consum stand-by: 16mA
- Consum maxim: 20mA
- Tip senzor: PIR dual digital, modul microunde
- Frecventa microunde: banda X
- Acoperire: 12m
- Instalare: perete, cu sau fara suport
- Inaltime instalare: 2.2m
- Analiza digitala a semnalului
- Imunitate la animale: pana la 25Kg si 1.1m inaltime
- Protectie: anti-deschidere, anti-smulgere, anti-masking
- Imunitate lumina alba
- Compensare temperatura
- Bypassable LED
- Pulsuri alarma: 1-4
- Greutate: 103g
- Dimensiuni: 120x60x44 mm
